PIONEER LINK SERVICES TERMS & CONDITIONS

These Terms and Conditions apply to the Pioneer Link Services we provide. They govern activity in your accounts as well as the delivery of two categories of services: Collection/Disbursement and Electronic. The Terms and Conditions are in several parts: The General Terms and Conditions apply to all activity in your accounts; and Additional General Terms and Conditions, which apply to each category of service and to individual services.

Standard of Care and Limited Damages

We will follow these Terms and Conditions in delivering our Pioneer Link Services to you in good faith and without negligence. We will also comply with additional requirements of applicable law to the extent they are not varied by these Terms and Conditions. As described more fully in the General Terms and Conditions, we will be liable to you for actual damages, but no other damages, if we breach this standard of care.

Acceptance

By using or continuing to use any Pioneer Link Service, you accept the Terms and Conditions applicable to accounts and the services you choose in the future. We may change any of the Terms and Conditions at any time and will provide you with appropriate prior notice as required by law.

You acknowledge your acceptance of those changes by continuing to use Pioneer Link Services.

Affiliate Accounts

We can also accommodate your affiliates through our Pioneer Link Services. By initiating services for any entity, you represent and warrant to us that you have the authority to do so.

Authorized Individuals and Other Information

Depending on the types of services you choose, you need to designate people to authorize actions for you on forms that we provide. If you wish to change any information on a setup form or make any changes to authorized individuals, contact us for the appropriate forms. We need a reasonable period of time to process the change.

You represent and warrant to us that we may rely on acts that purport to be authorized by those people you have designated on the setup forms. In our discretion, we may rely on acts that purport to have been authorized by the people you previously authorized.

Authorized Actions

If you authorize an action, such as the payment of checks by facsimile signature, we may rely on a facsimile signature that resembles that appropriate facsimile signature specimen given by you to us and appears to have been made through an authorized medium, regardless of how the facsimile signature came to be placed on the item. We may rely on facsimile signatures even if they were placed on items without your knowledge or consent. We may pay items bearing a facsimile signature regardless of the persons to whom they are drawn or paid. You assume full responsibility for all payments made by us in good faith over any facsimile signature resembling, without regard to color variation, an appropriate specimen facsimile signature.

We may pay any item drawn on your account and purported to be signed by the appropriate authorized signer or signers regardless to whom the item is drawn or paid. If you authorize action by any other form of communication such as telephone, personal computer, or in person, or if an applicable security procedure calls for authorization by any form of communication, we can rely on person(s) identifying themselves by the designated form of communication as authorized individual(s).

Taxpayer Identification Number

You must provide us with your Taxpayer Identification Number and certify your reporting status by completing IRS Form W-9 for each deposit account you open, unless you meet the requirements for foreign depositors described below. If you fail to provide us with a properly completed and signed IRS Form W-9, we are required to backup withhold US Income Tax at the current rate from all interest paid or credited to your account. For exceptions to these rules, refer to the instructions for completing IRS Form W-9.

Foreign Depositors

If you are a nonresident alien, foreign entity or exempt foreign person, you must certify your foreign status by providing us with a properly completed and signed IRS Form W-8 for each account you open. If you fail to provide us with a properly completed and signed IRS Form W-8, we are required to backup withhold US Income Tax at the then current rate from all interest paid or credited to your account. For exceptions to these rules refer to the instructions for completing IRS Form W-8.

Deposits to/Withdrawals from Your Account

Your accounts may receive credit through the deposit of items, incoming wire transfers and ACH entries. Your accounts may be debited through withdrawals such as checks, account adjustment and ACH entries. All deposits are accepted subject to our verification and final inspection. We may accept for deposit to your account all items made payable or

endorsed to you as an individual payee or joint payee regardless of whether those items bear your endorsement, subject to our verification and final inspection. You guarantee to us the payment of all such deposited items.

We may refuse any deposit to an account, limit the amount of any deposit, or return all or any part of a deposit to you without prior notice. We reserve the right to return any item that we receive for deposit to your account if we decide not to handle that item. If we make this decision, we will send you notice by mail.

We may treat any transaction occurring after a cutoff time or not during the banking day to have occurred on our next banking day. For example, if a deposit of cash and items occurs after the cutoff time or not during the banking day, we may deem the cash and items to have been deposited on our next banking day after the day of their deposit. Refer to our Funds Availability Policy for specific time. Your account may be debited on the day an item is presented by electronic or other means, or at an earlier time based on notification received by us that an item drawn on your account has been deposited for collection in another financial institution. A determination of your account balance for purposes of making a decision to dishonor an item for insufficiency of available funds may be made at any time between the receipt of such presentment or notice and the time of return of the item, and no more than one such determination need be made. We reserve the right to require 7 days prior written notice of withdrawals from any type of account that earns interest.

Available Funds

Our Funds Availability Policy is subject to change without notice, describes when funds in your account are made available to you. Cash and items that you deposit to an account may not be immediately available for your withdrawal. Please review our availability schedules that apply to your accounts.

Insufficient Funds and Returned Items

An ordered transfer of funds may take the form of an item drawn on the account, a withdrawal, a charge deducted from an account, a wire transfer, an ACH entry, a transfer or payment made through Pioneer Link Services or some other type of transaction. If an ordered transfer of funds from your account is greater than that account's available funds balance, we may choose either to refuse to make the transfer or to make the transfer and overdraw the account.

The provision of Pioneer Link Services is not an extension of credit or a commitment to extend credit to you by us. If the available balance in the account is less than the sum to all requested disbursements on any banking day, we reserve the right not to overdraw the account. While we may make efforts to apply available funds to individual items, we can not warrant the order in which we may do so. Neither can we warrant that we will apply available funds in such a situation. If you have authorized an ACH file containing individual payment orders and your account has insufficient funds, we reserve the right to reject the entire file. If any of your accounts become overdrawn for any reason, you must make a deposit to the accounts for the amount of the overdraft as soon as we notify you or you become aware of the overdraft. In connection with some Pioneer Link Services, we advise you of the amounts required to fund your account to cover all ordered transfers.

We may deduct the amount of an item deposited to your account from your account balance if we receive notice that the item has not been paid. You agree that we can notify you of the return as part of your account statement unless we have contracted with you otherwise.

We reserve the right to charge any of your accounts if an item deposited to one of your accounts is dishonored, returned or not paid, even if we have not sent you notice of the dishonor, return or nonpayment. We also reserve the right to charge an unpaid item against your account even if we could have made claim for reimbursement on the item from the bank on which the item was drawn or from another bank. We may charge an item against an account even if the charge results in an overdraft.

We may incur losses or expenses due to a delay in returning an unpaid item if the item's endorsement is obscured by other material on the back of the item. If you issue an item with material (for example, a carbon band) on the back, you agree to indemnify us against any such losses and expenses including any finance charges, legal fees and court costs we may incur.

Post-Dated Stale-Dated Conditional Items

Check processing is a highly automated service, and we use commercially reasonable efforts to process your items. We may, however, pay any item drawn on an account even if one or more of the following are true: the item is dated after the date we pay it; the item is presented to us for payment more than 6 months after its date; a stop payment previously requested has expired; the item contains language that purports to make it void before the time it was paid; or the item contains other language that purports to establish conditions under which it may be paid.

Stop Payment

You have these options in placing a stop payment request on items drawn on your account: come to any of our branch offices for instructions; telephone our bank, make the request and confirm your request in writing; or use Pioneer Link Services.

Any of your representatives may make or remove stop payment requests for your account even if that person is not authorized to sign items drawn on your account. For any stop payment request, you must provide us with the complete and accurate account number, serial number (as it appears on the item's MICR line) and date, the name of the payee and the amount of the item.

We maintain various cut off times depending on the service and/or method of communication for receiving stop payment requests. The time allowed for you to make stop payment requests can not extend beyond the time we have under applicable law, regulations and rules to return the item or give notice of its dishonor or non payment. We are not bound by stop payment requests received later. We require a reasonable time to make any stop payment request effective. If you use Pioneer Link Services to issue a stop payment request on a banking day before our cut off time and for all other stop payment requests, "reasonable time" means at least until the banking day after the banking day on which we receive the request.

Interest

If a particular account bears interest, the applicable interest rate may vary depending on balance levels. If an interest rate applies to collected balance, that balance is based on our collection schedules for checks and other deposited items (if we use your account's investable balance to calculate interest, the investable balance is the collected balance less a charge that relates to our Federal Reserve requirements for that type of account). The method for calculating interest and the applicable rates are subject to change without notice to you. We pay interest on account balances if the account is open during the entire statement cycle.

Federal Regulations restrict the opening of a checking account with interest for certain types of organizations. You warrant to us that you are eligible to open and maintain this type of account.

Statements

We send account statements for each of your accounts to the latest address shown on our records. Please notify us promptly, but never later than required by applicable law, of any errors in an account statement.

Fees

Charges for Pioneer Link Services may be shown on your account statement or are available by separate disclosure and we will provide you with appropriate prior notice as required by law before changing our fees. We charge your account for the amount of the fees. A credit against fees based on the amount of the balances in your account may be available.

Certain Rights

In opening an account, you grant to us a security interest in any balance in your accounts (where applicable) to secure the payment of any of your indebtedness to us, whether due or to become due. We can offset any such balance against any such indebtedness even if the indebtedness is related to the operation of an account other than the one debited. For example, we may charge one of your accounts if another has insufficient funds.

Assignment

The agreement formed by your acceptance of these Terms and Conditions through your use of Pioneer Link Services shall benefit and be binding on successors and assigns. You may not, however, assign your accounts or your access to Pioneer Link Services without our consent. Accounts are not transferable except on our books. WE MAKE NO REPRESENTATIONS OR WARRANTIES WITH REGARD TO THE PIONEER LINK SYSTEM WHETHER STATUTORY, EXPRESS OR IMPLIED, INCLUDING ALL WARRANTIES OF FITNESS FOR A PARTICULAR PURPOSE OR MERCHANTABILITY. WE ASSUME NO RESPONSIBILITY FOR ANY ADVICE OR ASSISTANCE ON OUR PART (OR ANY THIRD PARTY WE MAY USE) TO HELP YOU USE PIONEER LINK SERVICES ON YOUR PERSONAL COMPUTER (S). WE WILL MAKE OUR BEST EFFORTS TO SUGGEST METHODS TO USE PIONEER LINK SERVICES, AND IF WE AGREE TO MAKE ANY CHANGES TO YOUR EXISTING PERSONAL COMPUTER, WE WILL NOT BE HELD RESPONSIBLE FOR ANY CONSEQUENCES.

Your accounts may be debited by an ACH debit entry, such as an entry by another party, or debit entry you originate from another account. Do not disclose your security device or identifier to any one.

To maintain a high level of security, we strongly recommend that you require Dual Control for your wire and ACH transfers. Dual Control is a security procedure that requires that more than one individual in your organization must initiate and approve each wire and ACH transfer request prior to release. The lack of Dual Control allows a single individual within your organization to initiate and release wire and ACH transfer requests without other approval, oversight, or secondary controls. You understand that the Online Banking system includes the ability to require Dual Control for wire and ACH transfers and in the Bank's judgment, the Dual Control security procedure described is a commercially reasonable security procedure. You further understand that Bank does not consider deviations from these Dual Control security procedures to be commercially reasonable. You understand and agree that we shall not be liable for any losses stemming in whole or in part from your decision to forego Dual Control of wire or ACH transfer functions.

ADDITIONAL GENERAL TERMS AND CONDITIONS FOR ZERO BALANCE ACCOUNTS

Introduction

You can use a Zero Balance Account (ZB) to centralize corporate cash control of your divisions, subsidiaries and other affiliates for which you are authorized to act. With a Zero Balance Account we can balance each account daily at a target amount and concentrate remaining funds in the Master Control Account (Master Account).

Zero Balance Account Master System

Zero Balance Account System means the group of accounts consisting of the Account and the ZB Accounts.

Target Amount

You establish a target amount for each ZB Account. The target amount is the balance, if any, that you want to establish in an account each time we transfer activity between the accounts. The target amount may be zero.

Daily Activity

We apply the availability schedule when crediting your account(s) in the Zero Balance Account System for items deposited to those accounts. These available balances are then reflected in the ZB Master Account. If we receive an item for deposit to your credit that does not designate a particular account, we may use our discretion in choosing the appropriate account. On each banking day, we follow our customary practices in crediting and debiting each ZB Account for items drawn on those accounts or charge back any item returned unpaid. If demand deposit posting operations result in an overdraft of a ZB Account, we debit the appropriate Master Account in an amount necessary to credit the overdrawn account, bringing the balance to its target amount.

Achieving Target Amount

We automatically debit or credit each ZB Account on each banking day by an amount necessary to achieve its target amount. We then make a corresponding credit or debit.

Restrictions

Your Zero Balance Accounts are subject to important restrictions. We reserve the right to:

- Delete one or more accounts from the Zero Balance Account System on notice to you.
- Suspend Zero Balance Account Services.
- Require you, before we make payment on items, to fund any account in the Zero Balance Account System with sufficient available funds to pay items drawn on that account and presented to us.

ACCOUNT-TO-ACCOUNT EXTERNAL FUNDS TRANSFER ("A2A") SERVICE

You may use the A2A services to transfer funds between eligible accounts that you maintain with Pioneer Bank, National Association, hereafter referred to as "Pioneer", and those you maintain with one or more other U.S. financial institutions. This Service Addendum in conjunction with the Pioneer Link Services Terms and Conditions and Related Disclosures (including the Related Agreements as defined therein) (collectively referred to herein as the "Service Agreement") governs your use of our A2A services. When you use A2A services or authorize others to use this service, you agree to the terms and conditions of this Service Agreement.

A2A Defined

A2A is a fee-based service enabling Pioneer Link Services customers of Pioneer to initiate an external funds transfer between their accounts with Pioneer and their external accounts with another U.S. financial institution. When you "Send" or "Receive" funds using A2A services you authorize Pioneer to transmit credit or debit entries, as appropriate, electronically through the Automated Clearing House (ACH) payment network to accommodate your particular request. External funds transfers via ACH are typically completed in two (2) to three (3) business days.

A2A Fees and Daily Limits

Fees. Each A2A "Send" and "Receive" request will be assessed a processing fee on a per transaction basis as noted within the users A2A profile. A2A fees are in addition to normal monthly account service charges and/or other services fees such as overdraft or non-sufficient funds (NSF). Fees are subject to change at the discretion of Pioneer.

Daily Limits. A daily limit is set for each type of A2A transfer as noted in the users A2A profile. Once the daily limit has been reached, no further transactions will be permitted for that day. The term "daily" refers to the period of time each day between 12:01 a.m. and 11:59 p.m. Eastern Standard Time (EST). Pioneer reserves the right to raise and/or lower daily limits on a case-by-case basis.

A2A Eligible Accounts

Eligible accounts include individual and joint checking, savings and money market accounts in good standing with us and for which you have signatory authority (an "Internal Eligible Account") and similar accounts that you maintain with other U.S. financial institutions (an "External Eligible Account"). Commercial and business accounts as well as certain accounts designated as trustee, guardian or custodian may not use A2A services at this time. We reserve the right to amend criteria for eligible accounts from time to time.

Your use of the A2A service is at the sole discretion of Pioneer. We reserve the right to limit and/or terminate your use of the A2A service based on such factors as improper use, fraud, false or inaccurate account information, overdraft and/or non-sufficient funds activity, etc.

A2A Adding and Verifying External Accounts

Each internal eligible account is automatically included in your A2A profile and is therefore an account from which or into which you can transfer funds using the A2A services. However, you must add external eligible accounts to your A2A profile and thereafter verify each account to activate it for A2A use.

Adding An Account. To add an account to your A2A profile, you must provide the required information requested. By clicking the "SUBMIT" button, you represent and warrant to us that the account is a checking, savings, or money market account that you maintain with the named U.S. financial institution for which you have signatory authority. Furthermore, by clicking the "SUBMIT" button you also authorize us to initiate the ACH debit and credit entries necessary to verify this account.

Account Verification. Before an external account can be activated, the external account information you provided must be verified. Two separate ACH credit entries (deposits) ranging between \$.01 and \$.99 will be made to the external account along with a corresponding debit entry (withdrawal) equal to the sum of the ACH credit entries. You are required to obtain the amounts of each ACH credit transaction and validate said amounts against our database.

Account Activation. Once the ACH credit amounts provided by you have been verified, the external eligible account will be activated for A2A use.

A2A Initiation of External Funds Transfers

Send. The "Send" function authorizes us to initiate an ACH transaction to transfer funds from an internal eligible account at Pioneer to an external eligible account on a one-time, non-recurring and non-scheduled basis. "Send" requests submitted prior to 12:30 p.m. Eastern Standard Time (EST) will be processed that day. Requests submitted after 12:30 p.m. Eastern Standard Time (EST) will be processed on the next business day. Upon submitting your "Send" request, the transfer amount and processing fee will be debited from your internal eligible account. "Send" requests will appear as an ACH credit to your eligible external account.

You agree to have sufficient available funds in the Internal Eligible Account specified in a "Send" request to process the amount of the request plus the applicable A2A fee. Any "Send" request for which sufficient funds are not available will be treated as a NSF Item subject to non-sufficient fund/overdraft fees, as set forth in our Service Charge Brochure.

Receive. The "Receive" function authorizes us to initiate an ACH transaction to transfer funds from external eligible account to an internal eligible account with Pioneer on a one-time, non-recurring and non-scheduled basis. "Receive" requests submitted prior to 12:30 p.m. Eastern Standard Time (EST) will be processed that day. Requests submitted after 12:30 p.m. Eastern Standard Time (EST) will be processed on the next business day. Upon submitting your "Receive" request, an ACH debit request for the transfer amount will be submitted to your external account. The fee will be directly debited from the designated internal eligible account. "Receive" requests will appear as an ACH debit to your external eligible account.

You also agree to have sufficient available funds in your External Eligible Account to process the Receive requests you initiate and further agree that if any such ACH debit entry is returned to us for any reason, we will debit the Internal Eligible Account for the amount of any previous credit related to the returned item, and we reserve the right to assess this account a return deposit item fee. You are liable for any account deficit and agree to promptly pay us any funds due. You agree in this regard that we may deduct such amounts from any of your accounts which you maintain with us without prior notice to you.

Confirmation. Upon submitting your "Send" or "Receive" request, you will be provided a transaction confirmation number. Absent a confirmation number you must consider the "Send" or "Receive" request as not properly submitted.

Limitations On A2A Transfers

Transfers from Savings and Money Market Accounts. Federal regulations limit the number of electronic fund transfers, including A2A Send requests, from savings accounts and money market accounts. You are limited to six electronic transfers, telephone transfers, checks, and point-of-sale transactions per statement period. Each A2A Send request is counted as one of the six limited transfers you're permitted each statement period.

A2A Funds Availability

We will make the funds deposited to your account with us from a "Receive" request available on the same day as we receive the deposit from your External Eligible Account. The availability of funds that you "Send" to an External Eligible Account will be governed by that institutions agreement with you and/or its rules regarding funds availability.

Right To Change Or Cancel An Entry

Once a "Send" or "Receive" request has been submitted, confirmed and a confirmation number generated, you cannot cancel or otherwise change a "Send" or "Receive" request. Instead, you can use A2A Funds Transfer to initiate an entry to effectively reverse the "Send" or "Receive" request, as appropriate.

Transaction History and Account Statements

A history of the most recent "Send" and "Receive" requests is available through Pioneer Link Services. Also, we report your A2A funds transfers on the monthly statements provided for your internal accounts.

A2A Service Fees and Other Charges

You authorize the bank to charge the eligible account for "Send" and "Receive" requests. The fee assessed for "Send" requests will be debited from the eligible internal account. The fee assessed for both "Send" and "Receive" requests will be debited from the designated internal eligible account.
